# PIECES OF US

The first part of the paper discusses the importance of understanding the underlying mechanisms of the observed phenomena. It is crucial to identify the factors that influence the outcome and to understand how these factors interact with each other. This understanding is essential for developing effective interventions and policies.

The second part of the paper presents a detailed analysis of the data collected from the study. The results show that there is a significant relationship between the variables of interest, and this relationship is consistent across different subgroups of the sample. The findings suggest that the proposed model is a good representation of the underlying process.

The third part of the paper discusses the implications of the findings for practice and policy. The results indicate that there are several key areas where interventions could be implemented to improve the outcome. These findings provide valuable insights for researchers and practitioners alike.

The fourth part of the paper concludes the study and provides a summary of the main findings. It also highlights the limitations of the study and suggests directions for future research. The authors believe that the findings of this study will contribute to the understanding of the phenomenon and inform the development of more effective interventions.

# Homecoming

Homecoming was held on October 1, 2004. Our Goshen Redskins put up a valiant fight against the Northridge Raiders, but were defeated 0-39. This year the theme for homecoming was "The Decades." Each class was given a certain decade in recent history, which they designed their float around. The freshman class had the 60's, the sophomore class had the 50's, the junior class had the 70's and the senior class had the 80's. This year the freshman float, which featured different representations of the 60's, rose above the rest and claimed first. As usual the senior class received the most points and won first place overall.

The homecoming court featured representatives from every class. Freshmen: Amanda Hite and Ryan Wallace. Sophomores: Danielle Coppotelli and Curtis Conrad. Juniors: Stephanie Fattal and Andy Overpeck. Seniors: Karis Joldersma and A.J. Lantzer, Christina Histan and Loren Heacock, Megan Snobarger and Cody Schrock.

# Fall Play

This year the fall play was in the Goshen High School auditorium on October 15, 16, and 17. The directors were Mr. Snyder and Ms. Yoder. The leading cast was Caleb Arnold (Tajomaru), Ben Jacobs (Husband), Angie Hostetler (Wife), Andrew Murto (Wigmaker), Matt Miller (Priest), Tyler Yoder (Woodcutter), Anna Legman (Medium), Charlotte Barnett (Mother), and Glenn Wilson (Deputy). This play, "Rashomon", by Fay and Michael Kanin is an adaptation of the Akira Kurosawa classic movie. Rashomon delves into the deep question of "What is truth?" This question is answered explored through the eyes of the characters and it is up to the audience to decipher the truth, if it's to be found.

# THE TOYS TAKE

"The Toys Take Over Christmas" was directed by Susan Hepler Yoder. The setting was the Toymaker's shop in the not-so-North pole sometime in December. This play was directed towards younger children, but enjoyed by audiences of all ages. This is the 4th GHS production enjoyed by the elementary students in the Goshen School System. The young audience helped the high school remember what the Christmas spirit used to be like when they were young. The kids laughed, clapped and talked out loud to help Santa decide the fate of the toymaker.

# OVER CHRISTMAS

The upper two photos show scenes in the story where "Sunny" leads the way to wobbly and fun adventures. The toymaker created a doll that wanted a heart so she could love people. The toymaker discovered love was a thing to cherish and spread around, not hoard selfishly.

On March 11-13, 17-20, 2005, GHS presented "Peter Pan," the musical, to sell-out crowds in the Goshen High School auditorium. This musical was based on the play by James M. Barrie. The director was Marcel Yost, with Richard Snyder, Sue Neeb and Susan Hepler Yoder as assistant directors. Johnny Pickett, with "Flying by Foy", came in to help teach some of the cast to fly. "Peter Pan," played by Jackie Jerlecki, never wanted to grow up. The last words of the production were, "so come with me where dreams are born and time is never planned! Just think of the lovely things, and your heart will fly on wings forever, in Neverland."

Alli,

As a young child...your delightful enthusiasm in experiencing life's wonders... showed us your awesome potential.

As a growing girl... your quiet reflection upon learning life's hard lessons... demonstrated deep wisdom.

As a young woman... your adventurous spirit and openness for all that the world has to offer... tell us you will succeed.

We are so very proud of you.

Love Always,

Mom and Dad

To be joyful in the universe is brave and reckless act. The courage for joy springs not from the certainty of human experience, but the surprise. Our astonishment at being loved, our bold to love in return- these wonders promise the possibility of joyfulness, no matter how often and how harshly love seems to be lost.

"Therefore, despite the world's sorrows, we give thanks for our loves, for our joys and for the continued courage to be happily surprised."

Dad and I enjoyed watching you play soccer and your growth in skills over the 13 plus years of playing. As well as developing leadership skills in other endeavors. You will always be in our daily prayers and continue to keep your eyes one the one who loves you the most.

Your first set of wheels, good luck with the second set!

**Lance Miller**

Glad you didn't stand up!!!

Love-  
The  
Whole  
Family

The family of Justin Chrisman would like to thank the Goshen High School staff and student body for the cards, flower and gifts at the time of our loss. Everyone has been wonderful during this difficult time. Justin loved God, his family, friends, girls and his hair. But not necessarily in that order! He liked to have fun whether it was telling jokes, playing video games, shooting air soft guns with his friends or dancing with all the girls. If you were down, he tried to make you smile and if you were lost he tried to help you find your way to God. Our wish is that his life's work would not end with his death. If he showed you kindness, pass it on. If he helped you find your way to know Jesus Christ as your personal savior, then help spread the good news to someone else. May all your futures be successful and may we all see Justin again in Heaven.
